8. TO RECEIVE A PLANNING UPDATE

- 8.1. 20170023 (Aldersbrook) – this went to planning committee last week and Rob Christie spoke, raising the Parish Council's concerns. The application was approved with a condition to remove the 1.8m fence and replace it with either a lower fence or native hedge.

9. TO CONSIDER COUNCIL FEEDBACK ON PLANNING APPLICATIONS RECEIVED FROM BROADLAND DISTRICT COUNCIL (Clerk (SO) to feedback to BDC)

9.1. Application: 20170016

Illuminated and Non-illuminated signs
Location: KJ Solicitors, The Street, Blofield

9.1.1. NP Objective 6 - To encourage and support local business and NP Policy ECO2 retention of services - advertising signage would help the retain the business in the village.

9.1.2. NP ENV5 – Dark Skies – will the sign be on a timer to minimise light pollution?

9.1.3. Margaret Turner proposed (seconded by Stella Shackle) the Council preference would be for the sign to be illuminated up to 9pm. The Council unanimously resolved to approve this proposal.

9.2. Application: 20170157

1. Private Motor Cross Track within Domestic Garden. 2. New fence to front boundary facing road (retrospective)

Location: Red House, Shack Lane, Blofield

9.2.1. The supplied plan omits the route of FP3 as identified below and the Council seeks assurances that access to FP3 is maintained.

9.2.2. NP ENV3: Drainage, states that future development should not cause or contribute to the problem of flooding or drainage issues, or pollution. The Council raised concerns that the provision of the fence could contribute towards flooding onto Shack Lane.

9.2.3. In addition, concerns were raised about the height of the fence, including visibility splays, due to the narrowness of the lane.

9.2.4. The moto cross element of this application appears to be at odds with our Neighbourhood Plan Objective 3: To protect and enhance the countryside, including wildlife habitats and open

spaces, of which Howes Meadow is explicitly mentioned in NP ENV 1 policy. Therefore, we have concerns that the pollution from the Moto Cross track could have an adverse effect of the ecology of Howes Meadow and the Whitton Run.

9.2.5. The Council are also concerned about the noise levels of the Moto Cross Track and would wish to seek measures to control operational hour and restriction to personal use; similar to the constraints introduced to the High Noon Farm cross track requested by Stumpshaw Parish Council.

9.2.6. Paul Culley-Barber proposed (seconded by Yvonne Burton) the Council submit the comments detailed above and object to this planning application. The Council unanimously resolved to approve this proposal. The Council also requested the District Council call in this application to the planning committee.

9.3. Application: 20170207

6 Dwellings with associated works accessed from Woodbastwick Road, Blofield,
Location: Land off Woodbastwick Road, Blofield

9.3.1. When this came to the Parish Council it was a proposal for 5 dwellings under application 20161577. When you look at comments made previously it appears the footpath and hedging has been taken into consideration but very little else.

9.3.2. This development proposal is outside the settlement limit defined for Blofield Heath and the proposal needs to include at least 1 affordable (20%) property.

9.3.3. Application form states they have provisioned 3 car parking spaces per plot - does not comply with NP HOU5. Parking for new developments where it is stated each 4 bed dwelling should have 4 car parking spaces.

9.3.4. Design & Access statement makes no reference to the adopted Neighbourhood Plan.

9.3.5. NP TRA1 – Local Traffic Generation – where it states that particular regard should be made to road safety, the needs of pedestrians and cycling, parking provisions and mitigating congestion.

9.3.6. Speeding traffic in that location is a concern. The SAM2 sign statistics (located opposite the site) have highlighted that 44% of vehicle movements are over the speed limit of 30MPH - some being well over the limit (75MPH) - what traffic calming measures are intended to make it safer for occupants of the dwellings to join the road safely when using their vehicles and for pedestrians to reach the bus service and the school in Mill Road.

9.3.7. The Parish Council would welcome the developer working with the Parish Council to formulate an approach on this matter. See below the statistics spreadsheet Blofield Heath - Woodbastwick Road - Towards RenEnergy 040217 to 180217 to reinforce this point.

9.3.8. ENV7. Approaches to Blofield & Blofield Heath – as this is an approach to Blofield Heath could something be enhanced near the village gateway?

- 9.3.9. HOU1 - Local Housing need. Would welcome some variation in proposals - more starter homes, 2 or 3 bedroom dwellings rather than 4 bedroom dwellings as per current trends.
- 9.3.10. Rob Christie proposed (seconded by Margaret Turner) the Council submit the comments detailed above and object to this planning application. The Council unanimously resolved to approve this proposal. The Council also requested the District Council call in this application to the planning committee.

- 16.3. **Plantation Wood Purchase** - Highways England has advised this land cannot be declared surplus to requirements as a future scheme to improve the A47 at this location is being considered. Update to be passed to BNews and Focal Point; clerk (SF) to action. David Ward continues to enquire further.
- 16.4. **Allotments** – Clerk (SF) to schedule a meeting date for July between the BAA and Council. Steven to obtain quotations for entrance repairs at allotment sites (Nigel MacPherson/Margaret Turner/Paul Baverstock, Pat Wilson available to attend contractor meetings).

19. TO CONSIDER THE TRANSFER OF OPEN SPACE ON THE KIER DEVELOPMENT SITE

- 19.1. Rob Christie and Steven Ford met with Broadland District Council to discuss the options in detail.
19.2. Kier Living have provided further detail by email. All the Kier development sites open spaces are now managed through management companies. Each individual house purchaser when purchasing a house signs a TP1 (and so does the housing association) which requires them to pay money (typically about £200 per year) towards the management company. Initially this is run by Kier but eventually they appoint residents from the development as directors of the company when the development is completed. A house cannot be sold unless the new purchaser enters into a similar arrangement.
19.3. The maintenance regime is agreed to at the outset and provides grass cutting, litter picking, play area maintenance and emergency call out. Any general member of the public can enjoy the use of the play area and open space.
19.4. The roads on the site would be adopted by BDC but the playground lighting, playground and attenuation pond is included in the whole package and not possible to be separated.

The Council discussed the above detail at length and Rob Christie proposed (seconded by Paul Culley-Barber) the Parish Council pass the maintenance of the 'open space' to a management company arranged by Kier Living.
